ORDERING INFORMATION

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the United States Code. Prices are subject to change and the prices charged on your order will be those in effect at the time your order is processed. As it is not feasible to manually correct the prices in the publications affected by price changes, the prices charged on your order may differ from those printed in the publications. Although the issuing agencies generally know about price changes, some agencies inadvertently continue to publish announcements, order forms, and catalogs which contain erroneous prices. Frequently, the news media publishes articles with erroneous or outdated prices.

Subscriptions are accepted for 1 year only unless otherwise specified. Subscribers will be notified prior to the expiration of their subscription in ample time to effect a continuity of service.

Orders to foreign countries require a special handling charge. The charge is approximately one-fourth of the current selling price of the subscription service ordered and is included in the Foreign subscription price. This charge is to cover the special handling required to comply with the customs and international mailing regulations.

The average processing time for new subscriptions takes 2 to 6 weeks plus mailing time. The large volume of mail we receive each day makes it virtually impossible to locate a subscription order until it has been entered into our computer. Please take this into consideration before making inquiry concerning your order.

Discount policy of the Superintendent of Documents for publications, pamphlets, periodicals and subscription services in compliance with Paragraph 1708 of Title 44, U.S. Code. Effective January 1, 1974, for orders entered or services commencing after that date, the discount policy is:

A discount of 25 percent will be allowed to bookdealers when the publications, pamphlets, periodicals or subscription services are mailed, delivered or forwarded to the dealer's normal place of business.

A discount of 25 percent will be allowed to quantity purchasers (100 or more copies of a single publication, pamphlet, periodical or subscription service) when mailed to a single address.

No discounts will be allowed when the publication, pamphlet, periodical, or subscription service is mailed to a third party (unless in quantities of 100 or more), or on those periodicals or subscription services which fall into a special pricing category as noted in this Price List.

WHERE TO ORDER

Orders should be addressed to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Telephone orders to be charged to your MasterCard, VISA, or prepaid deposit account may also be placed at any GPO bookstore or by calling the order desk in Washington (8:00 a.m.—4:30 p.m. Eastern Time, Monday-Friday except holidays) at Area Code 202, 783-3238. Customers with teletype equipment can also charge orders using one of the above methods by dialing our TWX #710 822-9413; ANSWER BACK USGPO WSH. In addition to your address, please include the title and price of the subscription together with the subscription symbol that appears in the brackets following the price. For example: **[COBD]** identifies the Commerce Business Daily.

HOW TO REMIT

The rules of this Office require that remittance be made in advance of shipment of your subscription. Your check or money order should be made payable to the Superintendent of Documents. Foreign money and postage stamps are not acceptable. Remittances from foreign countries should be made by international money order payable to the Superintendent of Documents, or by a draft on a bank located in the United States or Canada. UNESCO Coupons are also acceptable from foreign countries. For the convenience of customers who make frequent purchases, a prepaid Deposit Account may be opened by remitting $50 or more. Upon receipt in this Office, you will be assigned a special Deposit Account Number against which future orders may be placed without making individual remittances or first obtaining quotations. It is suggested that a balance sufficient to cover 3 months' purchases be maintained to avoid the necessity of frequent deposits. Orders may also be charged to your MasterCard or VISA account. Please include your card number and date of expiration.

Preface

In response to requests by the library community and the Depository Library Council to the Public Printer, the Assistant Public Printer (Superintendent of Documents) in the summer of 1974 directed the Library Division to join the Ohio College Library Center's on-line cataloging network, convert to the MARC format, and catalog according to Anglo-American cataloging rules (AACR).

The *Monthly Catalog* utilizes AACR 2 and Library of Congress main entries. Subjects are derived from *Library of Congress Subject Headings* 9th edition and its supplements. The catalog consists of text and five indexes—author, title, subject, series/report number, and stock number.

The Government Printing Office considers the *Monthly Catalog* to be an evolving publication. Its scope and timeliness will continue to be of prime importance.

LIST OF GOVERNMENT AUTHORS

The alphabetical list in the preliminary pages locates the catalog sequence of documents issued by a specific agency. This list is compiled each month and includes only Government authors of documents received and cataloged during that time span.

INDEXES

Entries in the Monthly Catalog are indexed for access by author, title, subject, and series/report:

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles, series titles, and sub- or alternate titles.

Subject index: An alphabetical list of subjects derived from Library of Congress Subject Headings.

Series/report index: An alphabetical list of report numbers and series statements.

Stock number index: A numerical list of Superintendent of Documents stock numbers.

Title key word index: An alphabetical list of important words selected from information in the title fields.

A margin index on the back cover locates the six listings. Cumulative indexes are published semi-annually and annually. Titles in all indexes are followed by the text entry number where more detailed information is available.

General Information

Publications entered in this catalog that are for sale by the Superintendent of Documents are indicated by a "for sale" statement in the text entries.

Subscription service has been implemented for the following groups of Congressional publications: House and Senate Documents; House and Senate Hearings; House and Senate Reports on Public Bills; House and Senate Reports on Private Bills; Public Bills; Private Bills; Public Laws; and Private Laws. In most cases, single copies of publications in these groups of Congressional publications are not sold. Sales copies of a few of the more important ones are printed, and you will find the sales prices listed in the individual entries. The current subscription prices may be obtained from the Superintendent of Documents. Those Congressional publications which are not for sale may be obtained from the responsible Committee, or from the House or Senate Documents Room. Entries for publications sold by National Technical Information Services include a statement to that effect. Unless otherwise indicated, publications are distributed by the issuing office which appears immediately before the publication date in each entry. Additional information necessary for procuring documents appears above or within text entries. Requests to issuing offices should contain titles and dates of publications.

Do *not* use the I.C. card number in ordering publications.

PRICE LIST

There is no general price list of public documents, but numerous bibliographies have been prepared on special subjects and these will be furnished, on application, by subject or subjects concerning which information is desired. It will also be noted that current publications which are for sale are listed in this catalog.

LIST OF SELECTED PUBLICATIONS

In addition to the subject bibliographies, the Office of the Superintendent of Documents issues a monthly list of Selected United States Government Publications for sale by the Superintendent of Documents. Each list contains annotations and prices, and may be obtained free upon application to the Superintendent of Documents.

USE STOCK NUMBERS FOR BETTER SERVICE

Because we now warehouse, store, and pick publications by their stock numbers (S/N), we can process your orders more quickly and accurately if you order by stock number and title. If you don't know the stock number, then order by title and the classification number which appears above each entry. Congressional documents and reports should be ordered by title together with the document or report number and the Congress.

LIBRARY CLASSIFICATION OF GOVERNMENT DOCUMENTS

The classification given above entries for departmental publication is that used in the Library Division of the Office of the Superintendent of Documents. The shilling mark (/) separates what ordinarily would be superior or inferior numbers or letters. It is not practicable to print these numbers or letters as *superiors* or *inferiors* in the Monthly Catalog.
